## 6th Edition Completed Study Prospectus Fall 2023

# The 2023 NA Market For Commercial Flooring Maintenance

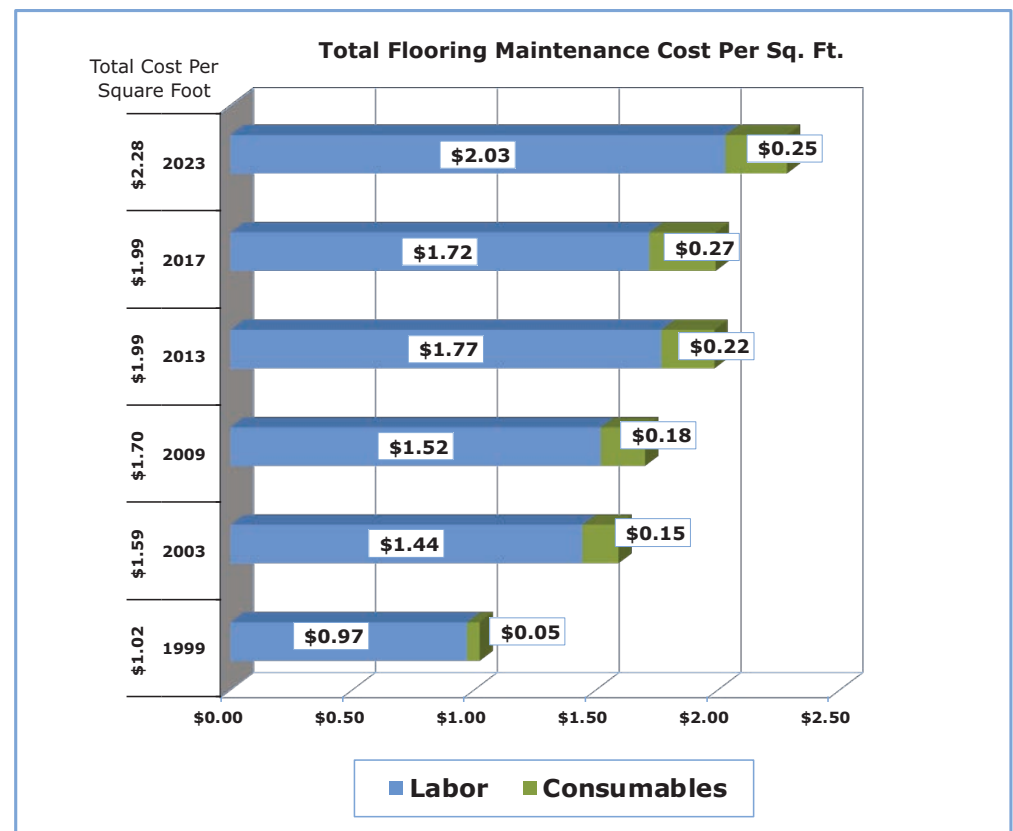

## Completed Report is Now Available

Cyprus LLC is pleased to announce the completion of the 6th Edition of The North American Market for Commercial Flooring Maintenance. The report has been published in 1998, 2004, 2009, 2013, 2017 and now in 2023.

The research consists of highly detailed interviews with 1,534 flooring maintenance professionals across North America. The report is presented in PDF format and contains over 2,300 pages of detailed analysis of maintenance labor expended, cleaning chemicals/products consumed and equipment used to maintain floors in 30 areas of application in 7 establishment types.

The 2023 6th Edition marks another revision of the research focusing on end-use market segments and away from the flooring surface orientation. Detailed maintenance information for 16 different flooring surfaces is now contained in each of 7 Establishment Chapters including Offices, Manufacturing, Retail, Education, Healthcare, Hospitality and Transportation.

The 2023 Report provides a robust review of 16 flooring surfaces: Vinyl Sheet, Linoleum Sheet, Rubber Sheet, Vinyl Tile, Luxury Vinyl Tile, Linoleum Tile, Carpet & Carpet Tile, Polished & Unfinished Concrete, Stone, Terrazzo, Factory & Site Finished Wood, Laminate and Ceramic Tile. Data is captured by Building Service Contractors and internal Maintainers in 4 establishment sizes.

# The 2023 NA Market For Commercial Flooring Maintenance

## Important Changes in the 2023 Study

The 2023 Study includes a thorough review from a flooring surface orientation to an end-use market orientation. See table below.

## New End-Use Market Orientation Including Separate Data for Food Manufacturing, Restaurants, Warehouses

Establishment Type	Major SIC Classification	SIC Description
<b>Offices</b>		
	60-67	Finance, Insurance, Real Estate
	72	Personal Services
	73	Business Services
	81	Legal Services
	83	Social Services
	20-39	Manufacturing
	50-51	Wholesale Trade
	86	Membership Organizations
<b>Manufacturing</b>		
	20-39	Manufacturing (Food SIC 20)
<b>Retail Stores</b>		
	52	Building Materials
	53	General Merchandise
	54	Food Stores
	55	Auto Dealerships
	56	Apparel Stores
	57	Home Furnishings
	58	Eating & Drinking Places
	59	Misc. Retail Stores
<b>Education</b>		
	8211 8221, 9902, 9903 8221-99	Elementary Secondary Universities
<b>Healthcare</b>		
	8062-69 8051-59 8011-49, 8071-99	Hospitals, Nursing Clinics Drs Offices
<b>Hospitality</b>		
	70	Hotels, Motels, Casinos, Inns
<b>Transportation</b>		
	41-49	Transportation (Whse's SIC 4225)
	75	Auto Services
	76	Misc. Repair Services
	78-79	Amusements
	89	Other Misc. Services

# The 2023 NA Market For Commercial Flooring Maintenance

## 16 Flooring Surfaces: Including Polished & Unfinished Concrete

**Emphasis on Polished & Unfinished Concrete** Concrete, including polished concrete is increasingly being used in nearly all areas of application including retail of all types, offices, education, healthcare and transportation including warehouses. We continue to show Luxury Vinyl Tile as a separate flooring type in both the overall summary data and detailed establishment chapter data.

Flooring Surfaces Included in the Research		
Carpet & Carpet Tile	Ceramic Tile	Concrete Polished
Concrete Unfinished	Laminate	Linoleum Sheet
Linoleum Tile	Luxury Vinyl Tile (LVT)	Rubber Sheet
Rubber Tile	Solid Vinyl Tile (SVT)	Stone
Terrazzo	Vinyl Enhanced Tile (VET)	Vinyl Sheet
Vinyl Tile (VCT)	Wood Factory Finish	Wood Site Finish

The research is divided into 3 key components

**Market Size** The report documents the 2023 Commercial Flooring Market Size in terms of square feet maintained. Each of the 3 components presents a comprehensive review by Establishment Type, Size, Flooring Surface, Area of Application and Internal Maintainers vs BSC.

- **Maintenance Labor** Hours and Dollars of Maintenance Labor by specific maintenance activity
- **Maintenance Products Consumed** Units and Dollars of maintenance chemicals used, the purchase source as well as the purchase decision maker and brands used.
- **Equipment Used** to Maintain Flooring Surfaces including the equipment brand, specific type, average age, purchase source, service source, purchased new or used and the year of most recent purchase
- **Square Feet Maintained** is documented throughout the report by all of the parameters listed above.

**Growth Rates** Past and projected growth by product category, market segment and establishment size are analyzed over a 27 year time span from 1999 to 2026. Data from the previous 5 studies is presented for comparison purposes.

## The 2023 NA Market For Commercial Flooring Maintenance

**Maintenance Activities** Both primary and sub maintenance activities are documented in great detail by flooring surface.

Primary Activity			
Sweeping		Polishing	
Washing		Resurfacing	
Sub Activity			
Sweeping	Dry Mopping Manual	Washing & Scrubbing Continued	Shampooing (Old Term)
	Sweeping - Manual		Spot Cleaning
	Power Sweeping		Pressure Washing
	Vacuuming	Polishing	Burnishing
Washing & Scrubbing	Extraction Cleaning		Polish/Buff - Low Speed
	Scrubbing - Manual		Power Polish/Buff High
	Power Scrubbing		Resurface/Reseal
	Damp Mopping	Polishing/Waxing	
	Wet Mopping - Manual	Resurfacing Finishing Repairing	Resurfacing
	Spin Bonnet Cleaning		Stripping
	Dry Extraction		Sand & Recoat
	Encapsulated Cleaning		Site Applied Urethane
	Dry Encapsulation		Repair/Replacement

**30 Areas of Application:** The study documents flooring maintenance and consumption of maintenance products by specific area:

Areas of Application	
Rest Rooms	Physical Plant/Boiler/Power House
Food Service - Dining Areas	Classrooms
Food Service - Food Counter	Auto Service Areas
Food Service - Kitchen, Back of House	Storage Areas/Warehouse Areas
Corridors & Hallways	Shipping & Receiving
Public Assembly	Vehicle Parking Areas
Offices	Dorm Rooms
Guest Rooms	Manufacturing Areas
Administrative Areas	Entire Facility
Lobbies	Outdoor Pedestrian Walkways
Elevators	Healthcare - Patient Rooms
Recreational Areas	Healthcare - Interventional (OR/ER)
Retail Showrooms/Display Floors	Healthcare - Therapy
Retail Cash Wrap	Healthcare - Diagnostic (Labs)
Pedestrian Walkways	Healthcare - Nursing Stations

## The 2023 NA Market For Commercial Flooring Maintenance

**Establishment Size** The study analyzes maintenance of each flooring surface establishment size as follows:

Establishment Size	Number of Employees
Small	1 to 34
Medium	35 to 249
Large	250 to 499
Very Large	500+

8. **Maintenance Products** The use of maintenance products and systems is quantified in units and dollars by flooring surface category and by brands consumed:

Maintenance Product Categories (see technical appendix for details)
Cleaners and Shampoos, Encapsulates
Disinfectants and Sanitizers
Finishes & Waxes
Pads, Bonnets, Disks as well as machine consumables (squeegees, batteries, filters etc)
Strippers

9. **Maintenance Equipment Used and Purchased** is documented by flooring surface being maintained and by specific maintenance practices as well as the area of application by equipment brand.

Maintenance Equipment Used and Purchased - by Equipment Family
Extractors, Bonnet Cleaners, Shampooers
Buffers, Burnishers
Power Scrubbers
Power Strippers
Sanders, Strippers, Resurfacers
Vacuum and Vacuum Systems

10. **Maintenance Frequency** is analyzed in matrix format by flooring surface, by area of application within the establishment and by market segment and size for internal maintainers and BSC's.

## The 2023 NA Market For Commercial Flooring Maintenance

### 2023 Chapters Organized by End-Use Markets

#### 11. **Internal Maintenance Providers & Building Service Contractors**

The study also analyzes who is providing flooring maintenance internally or through the use of Building Service Contractors (BSC's).

12. **Trends & Issues** Trends and issues are detailed according to a series of statements developed by the research sponsors that included tradeoffs between shininess and the perception of a clean floor, reduction of daily burnishing, the greater use of machines as well as the reduction of cleaning chemicals by using water and others. The impact of the COVID-19 Pandemic on equipment and chemical purchasing was also evaluated.

13. **Chapter Organization** The report is organized into 7 major chapters by establishment type, offices, manufacturing, retail, education, healthcare, hospitality and transportation. The data is coded to allow for additional analysis by restaurants, food manufacturing, elementary, secondary and higher education and additional subsegments in the healthcare market.

In the 6th Edition of the report, we have structured the report by market segment and within each market segment by specific flooring types.

14. **Projection to the Total North American Market** Another major upgrade is the usage of the results of the 4 past research studies used to project findings from this research to the total North American Universe of establishments. To do this we combined the past 1 Commercial Flooring Maintenance Editions comprising 1.34 billion installed square feet of flooring. We also used this data to project flooring maintenance by area of application. This new approach provides a more robust body of data from which to project.

We are now reporting 30 application areas including Food Service Food Counter and Back of House, Retail Cash Wrap, Healthcare Patient Rooms, Interventional, Therapy, Diagnostic and Nursing Stations. Restaurant costs are reported in the Retail Chapter.

The resulting revision of the report and additional descriptions of the North American Flooring Maintenance market has resulted in a report of 2400 pages featuring, more data, additional graphics and matrix tables. Simply put, the current 6th Edition is the most comprehensive body of flooring maintenance information available anywhere.

# The 2023 NA Market For Commercial Flooring Maintenance

## Deliverables, Pricing & Terms

The complete report contains over 2,304 pages of data, charts, tables, summary tables, graphs and a detailed assessment of each of the 16 flooring surfaces, 30 application areas and 7 establishment types included in the research. The report documents maintenance activity by 4 establishment sizes as well. This study is the most comprehensive report on commercial flooring maintenance published in one easily referenced document.

The information has been developed through a massive database of 1,534 detailed interviews with business establishments across the North America and through many hours of detailed analysis to provide the most complete body of research on commercial flooring maintenance available.

Each subscription - full report or individual chapters includes a downloadable PDF report.

All subscriptions include unlimited telephone consultation.

## Introduction, Objectives, Executive Summary

91 Pages

### Introduction

Introduction - Total Number of Maintenance Activities for 2023

- A. Flooring Surfaces Included in the Study
- B. Flooring Maintenance - Areas of Application
- C. Flooring Maintenance - Size of Establishments
- D. Establishment Types Included in the Study - SIC Codes
- E. 2013 Report Methodology & Terms Used
- F. Key Maintenance Activities
- G. Key Consumable Categories and Codes
- H. Key Equipment Codes
- I. Sources of Consumables and Equipment and Purchase Decision Makers
- J. Report Organization
- K. Sample Size and Description
- L. Three Major Flooring Maintenance Components in the Study
- M. Research Objectives and the Interview Process
- N. Typical Respondents
- O. Annual Maintenance Frequency - All Flooring Surfaces

### Executive Summary - Charts

1. Maintenance Total Cost Per SF 2023 v 2017 v 2013 v 2009 v 2003 v 1999
2. Total Cost per SF. by Flooring Surface 2023 v 2017 v 2013 v 2009 v 2003 v 1999
3. Total Cost per SF by Key Area of Application 2023 v 2017 v 2013 v 2009
4. Maintenance Frequency by Key Area of Application 2023 v 2017 v 2013 v 2009
5. Consumable Usage by Key Area of Application 2023 v 2017 v 2013 v 2009
6. Equipment Usage by Key Area of Application 2023 v 2017 v 2013 v 2009
7. Key Consumable Brands Used - 2017
8. Equipment Usage by Key Types of Equipment 2017 vs 2013
9. Key Manual and Power Equipment Brands Used - 2017
10. Leading Power Equipment Brands by Key Type
11. Summary of Key Maintenance Activities 2023 vs 2017 vs 2013 vs 2009
12. Trends and Issues - Summary of Question 5
13. Trends and Issues - Summary of Question 6
14. Summary of Equipment Sources by Key Equipment Type
15. Summary of Consumable Sources by Key Consumable Type
16. Summary of Consumable Decision Makers by Key Consumable Type
- 16A COVID-19 How have your commercial flooring maintenance chemicals and equipment consumable purchasing habits changed
- 16B POST COVID-19 How do you anticipate your customers purchasing habits to change after COVID-19 is under control
17. Maintenance Labor Cost Per Square Foot 2023 vs 2017 vs 2013 vs 2009 vs 2003 vs 1999 - \$'s Summary
18. Maintenance Consumables Cost Per Square Foot - 2023 vs 2017 vs 2013 vs 2009 vs 2003 vs 1999 - \$'s Summary
19. Maintenance Labor & Consumables Cost Per Square Foot - 2023 vs 2017 vs 2013 vs 2009 vs 2003 vs 1999 - \$'s Summary

### Matrix Tables

20. Q5A - A shiny floor or shininess indicates a clean floor? By Size & BSC vs Internal Maintainer
21. Q5A - A shiny floor or shininess indicates a clean floor? By Establishment Type
22. Q5B - I am willing to give up gloss level to achieve cost savings in maintenance - By Size & BSC vs Internal Maintainer
23. Q5B - I am willing to give up gloss level to achieve cost savings in maintenance - By Establishment Type
24. Q5C - We have reduced our daily burnishing for vinyl tile - By Size & BSC vs Internal Maintainer
25. Q5C - We have reduced our daily burnishing for vinyl tile - By Establishment Type?
26. Q5D - We use cleaners, finishes or select flooring or pads that reduce the need for daily burnishing - By Size & BSC vs Internal Maintainer
27. Q5D - We use cleaners, finishes or select flooring or pads that reduce the need for daily burnishing - By Establishment Type?
28. Q5E - We use outdoor sweepers modified to sweep carpet - By Size & BSC vs Internal Maintainer
29. Q5E - We use outdoor sweepers modified to sweep carpet - By Establishment Type?
30. Q5F - We tend to use machines now where we used to clean manually (dust and wet mopping) - By Size & BSC vs Internal
31. Q5F - We tend to use machines now where we used to clean manually (dust and wet mopping) - By Establishment Type?
32. Q5G - We tend to scrub floors more instead of sweeping - By Size & BSC vs Internal Maintainer
33. Q5G - We tend to scrub floors more instead of sweeping - By Establishment Type?
34. Q5H - We use less cleaning agents/detergents/chemicals than we did 4 years ago - By Size & BSC vs Internal Maintainer

35. Q5H - We use less cleaning agents/detergents/chemicals than we did 4 years ago - By Establishment Type?
36. Q5I - We scrub floors using only water (no added chemicals/detergents) - By Size & BSC vs Internal Maintainer
37. Q5I - We scrub floors using only water (no added chemicals/detergents) - By Establishment Type?
38. Q5J - What percent is only water? - By Size & BSC vs Internal Maintainer
39. Q5J - What percent is only water? - By Establishment Type?
40. Q5K - We use surface prep pads to remove floor finish - By Size & BSC vs Internal Maintainer
41. Q5K - We use surface prep pads to remove floor finish - By Establishment Type?
42. Q5L - We use chemical free cleaning technologies as substitutes for chemical cleaning - By Size & BSC vs Internal Maintainer
43. Q5L - We use chemical free cleaning technologies as substitutes for chemical cleaning - By Establishment Type?
44. Q5M - We use orbital floor scrubber for chemical free removal of floor finish - By Size & BSC vs Internal Maintainer
45. Q5M - We use orbital floor scrubber for chemical free removal of floor finish - By Establishment Type?
46. Q5N - We are moving away from Internal combustion powered machines to battery powered equipment - By Size & BSC vs
47. Q5N - We are moving away from Internal combustion powered machines to battery powered equipment - By Establishment Type?
48. Q5O - We are polishing concrete more frequently? - By Size & BSC vs Internal Maintainer
49. Q5O - We are polishing concrete more frequently? - By Establishment Type?
50. Q5P - We are planning to use more autonomous/robotic cleaning equipment to reduce labor costs (Q5-point agree-disagree scale)
51. Q5P - We are planning to use more autonomous/robotic cleaning equipment to reduce labor costs (Q5-point agree-disagree scale)
52. Q5Q - Our use of corded machines has decreased and we are using more battery-powered equipment - By Size & BSC vs Internal Maintainer
53. Q5Q - Our use of corded machines has decreased and we are using more battery-powered equipment - By Establishment Type?
54. Q5R - Our use of engine-powered equipment is increasing - By Size & BSC vs Internal Maintainer
55. Q5R - Our use of engine-powered equipment is increasing - By Establishment Type?
56. Q5S - We are using more backpack vacuums than before - By Size & BSC vs Internal Maintainer
57. Q5S - We are using more backpack vacuums than before - By Establishment Type?
58. Q5T - We always pre-sweep or dust mop before scrubbing the facility - By Size & BSC vs Internal Maintainer
59. Q5T - We always pre-sweep or dust mop before scrubbing the facility - By Establishment Type?
60. Q5U - We are starting to use more mechanized cleaning equipment to replace manual cleaning - By Size & BSC vs Internal Maintainer
61. Q5U - We are starting to use more mechanized cleaning equipment to replace manual cleaning - By Establishment Type?
62. Q5V - We are not using floor machines or low speed polishing machine as often as we used to - By Size & BSC vs Internal Maintainer
63. Q5V - We are not using floor machines or low speed polishing machine as often as we used to - By Establishment Type?
64. Q6 - Do you make the decision on consumables used on the floors you maintain - By Size & BSC vs Internal Maintainer
65. Q6 - Do you make the decision on consumables used on the floors you maintain - By Establishment Type?
66. Q6 - If yes, how strongly do you feel about the following statements?
67. Q7 - COVID-19 How have your commercial flooring maintenance chemicals and equipment consumable purchasing habits changed
68. Q8 - POST COVID-19 How do you anticipate your customers purchasing habits to change after COVID-19 is under control

122. Transportation - Equipment Brand Mentions by Flooring Type - Specialty Equipment, Pressure Washers
123. Transportation - Equipment Brand Mentions Summary - All Equipment
124. Transportation - Number of Machines By Flooring Type - Extractors, Bonnet Cleaners,
125. Transportation - Number of Machines By Flooring Type - Buffers, Floor Machines, Burnishers
126. Transportation - Number of Machines By Flooring Type - Power Scrubbers
127. Transportation - Number of Machines By Flooring Type - Power Sweepers
128. Transportation - Number of Machines By Flooring Type - Sanders & Strippers
129. Transportation - Number of Machines By Flooring Type - Vacuums & Systems
130. Transportation - Number of Machines By Flooring Type - Mops, Brooms, Wipes
131. Transportation - Number of Machines By Flooring Type - Specialty Equipment, Pressure Washers
132. Transportation - Number of Machines Summary - by Equipment Type - By Establishment Size
133. Transportation - Year of Most Recent Equipment Purchase By Equipment Type - Summary
134. Transportation - Average Age of Equipment By Establishment Size - Summary
135. Transportation - Application Area - Labor \$'s Per Square Foot By Flooring Type - Summary
136. Transportation - Application Area - Labor \$'s Per Square Foot By Flooring Type - Small
137. Transportation - Application Area - Labor \$'s Per Square Foot By Flooring Type - Medium
138. Transportation - Application Area - Labor \$'s Per Square Foot By Flooring Type - Large
139. Transportation - Application Area - Labor \$'s Per Square Foot By Flooring Type - Very Large
140. Transportation - Application Area - Cost Per Sq Ft Of Maintenance Supplies Consumed By Estab Type - Sweeping
141. Transportation - Application Area - Cost Per Sq Ft Of Maintenance Supplies Consumed By Estab Type - Washing & Scrubbing
142. Transportation - Application Area - Cost Per Sq Ft Of Maintenance Supplies Consumed By Estab Type - Polishing
143. Transportation - Application Area - Cost Per Sq Ft Of Maintenance Supplies Consumed By Estab Type - Resurfacing
144. Transportation - Application Area - Cost Per Sq Ft Of Maintenance Supplies Consumed By Estab Type - Summary
145. Transportation - Application Area - Cost Per Sq Ft Of Maintenance Supplies Consumed By Estab Type - Small
146. Transportation - Application Area - Cost Per Sq Ft Of Maintenance Supplies Consumed By Estab Type - Medium
147. Transportation - Application Area - Cost Per Sq Ft Of Maintenance Supplies Consumed By Estab Type - Large
148. Transportation - Application Area - Cost Per Sq Ft Of Maintenance Supplies Consumed By Estab Type - Very Large
149. Transportation - Application Area - Labor & Material \$'s Per Square Foot By Flooring Type - Sweeping
150. Transportation - Application Area - Labor & Material \$'s Per Square Foot By Flooring Type - Washing & Scrubbing
151. Transportation - Application Area - Labor & Material \$'s Per Square Foot By Flooring Type - Polishing
152. Transportation - Application Area - Labor & Material \$'s Per Square Foot By Flooring Type - Resurfacing
153. Transportation - Application Area - Labor & Material \$'s Per Square Foot By Flooring Type - Summary
154. Transportation - Application Area - Labor & Material \$'s Per Square Foot By Flooring Type - Small
155. Transportation - Application Area - Labor & Material \$'s Per Square Foot By Flooring Type - Medium
156. Transportation - Application Area - Labor & Material \$'s Per Square Foot By Flooring Type - Large
157. Transportation - Application Area - Labor & Material \$'s Per Square Foot By Flooring Type - Very Large
